RE: Annual Report FY 2004, July 1, 2003 – June 30, 2004

It is a pleasure to submit the Fiscal Year 2004 South Dakota Arts Council Annual Report to the Governor and Legislature. The State Arts Council's FY 2004 co-sponsored activities reached an audience of over 2 million people, with 13,026 artists participating in 7,811 separate events. The 513 grants awarded were supported with funds from the State of South Dakota and the National Endowment for the Arts, a federal agency. Fiscal Year 2004 grant funds of \$880,900 generated \$10.3 million in local cash matching funds. These statistics demonstrate that South Dakotans enjoy participating in the arts as both artists and audiences.

The mission of the South Dakota Arts Council, a state agency within the Department of Tourism and State Development, is to make quality arts programs accessible throughout the state by providing funding, services and information to artists, arts organizations, other non-profit groups, schools and the public. The State Arts Council strives to provide access to the arts and educational arts opportunities as part of life-long learning in South Dakota.

As you browse through this annual report, we are confident that you will discover the diverse impact South Dakota Arts Council support has on our state's quality of life and education for both young people and adults. The activities in this annual report enhance South Dakota's economic development and cultural tourism. With your future support, we will continue to advance the arts throughout the state.

Your funding of the arts in South Dakota is truly appreciated. Thank you!

Long Range Plan 2002-2004

Goal 1

Promote public awareness and support of the arts.

The Council believes greater awareness of the arts influences sustained support. In the public interest, programs and services of the Arts Council are designed to inform and educate people about the value of the arts for the well being of South Dakotans.

Goal 2

Foster the Arts as essential to education.

Understanding that the arts are basic to a good education, the Arts Council seeks to integrate the arts in education by supporting planning, curriculum development and teacher training. All children should experience the arts in their schools, consistent with established education standards.

Goal 3

Strengthen arts organizations.

South Dakota needs strong and effective cultural organizations to connect the people and communities of the state with artists and arts programs. The Arts Council provides funds, information and service to encourage both large and small organizations to strive for excellence. Together with South Dakota artists, these organizations contribute to their communities.

Goal 4

Encourage and support artists.

Recognizing that artists are central to the creative environment of South Dakota, the Council provides funding, information and services to artists for their artistic and professional growth. The Council values artists of all disciplines and cultures, amateur and professional, rural and urban, those who innovate and those who maintain the traditional arts.

Goal 5

Enhance quality of life through the arts.

The arts inspire creativity, celebrate traditions, help reconcile differences, provide recreation and contribute to the economic and social development of whole communities. The Arts Council encourages and supports the efforts of South Dakota artists and arts organizations to enhance community livability.

Goal 6

Ensure accessibility to the arts.

The Council seeks to minimize and eliminate barriers to the arts imposed by economic status, education, prejudice, distance or special needs. In all Council-funded programs and services, accessibility to all South Dakotans is paramount.
